

PortaTray™ Product Guide

PortaBrands launch the most versatile drinks tray in the world

PortaBrands launches the first brandable and splittable flat-pack and pop-up 4+2-cup one-handed carry tray made from fine-fluted corrugated paperboard. Not only does this drink tray represent a significant step forward for minimal, low-carbon, but high visual impact packaging, but it is also can be litho printed up to 6 colours with high quality litho or flexo graphics.

Made from sustainable unbleached paper board it can hold safely 4 cups or bottles of varying size. If you have limited space, time and want to increase take-out drink, ice cream, smoothie and juice sales, this is the tray for you!
